

## **A Note to Confirmation Leaders**

God's grace and peace to you!

Enclosed you will find a detailed confirmation unit on the topic of 'vocation' and 'God's call.' In order to help things progress smoothly, please read through this lesson several times in order to become familiar with it yourself – look up any suggested Bible passages and think about the discussion questions in terms of your own life. A free-flowing conversation within this confirmation lesson works the best, and will encourage your youth to share freely, versus a lesson that is overly scripted.

As well, there may be more material here than your allotted time allows. You may need to divide the lesson in half in order to get through it. Or, you may need to supplement it somewhat in order to fill the time you have. Please feel free to adapt the activities to suit the needs of your own group and context.

Please prepare ahead of time! Transfer to newsprint that which needs to be on newsprint, prior to teaching this lesson. As well, you will want to make the play-dough ahead of time. Generally, as much as you can do ahead of time, the better this will work!

May God be with you as you enter into the conversation of vocation and God's call with the young people in your church. This is important and has the potential of being a very meaningful conversation for you as well as the youth you work with.

Peace and joy,
